We hereby certify that, based upon historical parish and tithe district boundaries, third party data and the relevant documentation found at The National Archives, the property is within a tithe district or Parish that has no record of risk of chancel repair liability.

No-one involved in the production of this report has any relationship with any party involved in the sale of the property.

The service is only available for properties in England and Wales. The data used to identify potential risk is derived from an academic study of historical parish boundaries and the relevant documentation pertaining to potential chancel repair liability held at the National Archive.

"No record of risk" means:

- a) no record of risk is held by The National Archives within the relevant Inland Revenue Indices for the subject parish;
- b) the property is within a parish with evidence of risk but the property is situated within a tithe district that has no risk per the records described above;
- c) the record held by the National Archive details that the total liability is held by the Church Commissioners, Cathedrals and/or educational establishments.

When purchasing land from any of these parties please enquire with them directly regarding this liability. It should be noted that this service searches against a 25 metre radius from the identified address point of the subject building in order to establish the location in respect of the relevant historical boundary.

ChancelCheck® is provided with the benefit of a warranty offering cover up to a market value of £2m where pre-existing matter adversely affects the result of the **ChancelCheck®** provided on the property.

Terms and Conditions

This Certificate is prepared by Future Climate Info ('FCI') and is subject to the Terms and Conditions available at <https://futureclimateinfo.com/wp-content/uploads/2021/09/FCI-terms-and-conditions-v050821a.pdf>

ChancelCheck® Guidance Note

Chancel Repair Liability Background

Chancel repair liability is a medieval anomaly whereby the Church of England and Wales was granted powers to charge those owning “rectorial land” for the upkeep of the chancel of some Parish Churches.

Chancel repair liability affects millions of acres in England and Wales and is still deemed a usual and necessary search by conveyancers.

Chancel repair liability can still be attached to land regardless of whether or not the liability is noted against the title, making the prospective risk unquantifiable.

The Church continues to actively register their interest, to protect their right to charge for chancel repair liability in perpetuity.

ChancelCheck® Identifies the Problem

ChancelCheck®

ChancelCheck® is an online, low cost (£20 + VAT) screening report designed to inform the Homebuyer of any potential chancel repair liability. It is in accordance with the Conveyancing and CML Handbooks.

Certificate

If the area of land selected falls within a parish that does not have the ability to claim for chancel repair liability, the search will be returned as a Certificate.

Report

If the area of land selected falls within a parish that has the ability to claim for chancel repair liability, a potential liability will be returned and the search will come back as a Report. **Where an issue has been identified, legal indemnity insurance could be sought to cover the potential risk.**

*NB. **ChancelCheck®** does not publish the relevant parish name to deter contacting the Church. Doing so will put the Church on notice of a potential liability and may lead to negating insurance cover.*

Chancel repair indemnity insurance products, providing protection and security for the homeowner where a potential chancel liability has been identified.

The indicative figures given below are standard one-off ChancelSure® policy premiums (including IPT) offered by CLS Property Insight which will apply to most properties and were correct as at 5th August 2021. However, as chancel repair liability is a fluctuating risk, these figures may alter for some properties. In addition, insurers periodically review their underwriting data and may carry out further assessment before confirming the availability of cover.

The chancel repair policies available via your preferred insurance broker/provider may offer diminution in value, a 200% escalator clause, 25 year, 35 year and even in perpetuity terms. Should you wish to obtain ChancelSure® insurance, which is offered by CLS Property Insight, this is available online via their website at www.clspi.co.uk.
