

The background of the entire page is a dense, repeating pattern of stylized buildings and houses in a teal color. In the top right corner, there is a solid purple rectangular area containing the company name and title.

LeaHough
CHARTERED SURVEYORS

**BUILDING
SURVEYING
DEGREE
STUDENTS:
YEAR-OUT
PLACEMENT
OPPORTUNITY**

WE ARE LOOKING FOR A BUILDING SURVEYING DEGREE STUDENT TO JOIN OUR TEAM ON A YEAR-OUT PLACEMENT.

If you are a driven, enthusiastic Building Surveying student looking for a year-out placement opportunity to take the first step into employment and to start to progress your career to Chartered status through the APC training programme, please get in touch.

We are seeking high calibre candidates, who wish to gain a fabulous range of experience, and progress to become Chartered in a thriving private practice consultancy.

At Lea Hough, we have a strong team of highly experienced surveyors working alongside younger surveyors who have recently gone through the APC process, so we are best placed to help you on your chosen career path, whilst you help us develop and improve our practice.

We have a strong team ethic where everyone helps each other, be it with a project or assisting with the APC process. We will provide full support through a structured RICS approved training programme.

Our APC training programme has had great success over the past few years with several of our graduate recruits having passed their APC at the first attempt, to achieve their goal of becoming Chartered Surveyors. Much of the work that you will be involved in during a year-out placement role with us will count towards the APC training programme.

One of our recently Chartered Building Surveyors started his career with us as a year-out placement student, which meant he was able to become Chartered just 18 months after completing his degree.

So, if you are a student on the second year of your RICS accredited degree looking for a year out placement opportunity for your third year and you possess a strong work ethic, good communication skills and a desire to progress, please contact us.

ABOUT LEA HOUGH

Lea Hough Chartered Surveyors is a leading property and construction consultancy in Lancashire. We cover the whole of the North-West region from our office bases at Blackburn, Preston and Lancaster.

We are well established multi-discipline independent firm with an excellent reputation throughout the North-West.

Our core disciplines include Building Surveying, Architectural Design, Project Management & Valuation Surveying.

BUILDING SURVEYING TEAM

Our Building Surveying team cover a diverse spread of work across all types of property including: educational, commercial, industrial, and housing.

We offer our clients a full range of Building Surveying and Project Management services.

We have built up a strong specialism in the educational sector and we have a large client-base of schools, academies and colleges. Other key clients include blue chip companies, local authorities, commercial property clients, property developers, solicitors, housing associations and private individuals.

YOUR ROLE

As a placement student you would work with our experienced team to provide a full range of professional Building Surveying services including: specification, tendering, project management, contract administration, condition survey inspections, defect diagnosis, CDM Regulations, etc. in order for you to gain a great range of experience that will assist you in your ultimate goal of becoming a Chartered Surveyor and for you to become a great asset to our company.

TRAINING PROGRAMME

We provide full support through the RICS Assessment of Professional Competence (APC), via our Structured Graduate Training Programme.

WE CAN OFFER:

An excellent salary, payment of RICS fees, pension, mileage allowance, free parking, 25 days' holiday plus bank holidays, in-house CPD seminars, contribution towards external CPD requirements, modern office environment and social events.

Importantly we can offer a brilliant training opportunity, working in a great team environment directly alongside experienced Chartered Building Surveyors!

Placement students will benefit from exposure to an excellent range and variety of experience, as well as being fast-tracked and trained-up to become MRICS Chartered Building Surveyors.

You will not be a "number" in a large corporate organisation, but instead you will receive hands-on experience on a wide range of Building Surveying tasks and Project Management work, for a range of clients, making the role all the more interesting and varied on a day-to-day basis, resulting in better learning and experience.

APPLICATIONS

Interested candidates should please submit their written applications and CV's to:

Sarah Dignan at sarah.dignan@leahough.co.uk

We are particularly seeking applicants who are based in Lancashire / North-west.
